## Why Water Spraygrounds?

Water Spraygrounds is the right choice for all your water sprayground, playground, splash pad, spray pad, spray park or water park needs. Our Water Spraygrounds are delighting children of all ages throughout the United States. When you team up with Water Spraygrounds you are guaranteed personal guidance and consultation at every step of the design and installation process.

Please browse what spray ground features you are interested in and we will help you design a Water Park for your specific needs. We can assist you no matter how small or large your project may be. Water Sprayground offers quality equipment at a reasonable price.

**YOUR ONLY  
CHOICE FOR  
SAFE  
WATER PLAY!**

## About Water Spraygrounds

At Water Spraygrounds we have been providing the very best in interactive water play environments for over 10 years. Our more than 20-year experience in the play and playscape structure industry assures you the safest, most reliable play environment for your friends, family and business.

Our team of water spray ground representatives will assist you with a design that is not only safe and age appropriate but also one that offers a variety of appealing design layouts. Contact us now and let's begin your Water Sprayground adventure!

## Water Products Information

Our aquatic playgrounds make an excellent addition to your play area. Having a splash/spray pad installed at your location allows you to give your children outside water fun - on your timetable - without having to transport them to another site - and with no outside users!

Water Sprayground offers an exceptional water product that is a cost-effective addition to your play area. When not in use, your water usage costs will be similar to using your sprinkler system.

From our flush mount ground sprays and geysers to upright spray ground equipment, you won't be disappointed with your Water Sprayground!

Our modular design gives you the flexibility of a waterplay area that is designed to suit your needs. You can choose one of our pre-designed splash pad, spray pad, water park or spray park areas. Or, let our designer create a unique splash play area for your school!

## Products and Accessories

**Water Rings**  
(sold separately as single feature or in a variety of group combinations)

- 3" pipe rolled in a circle
- approx 7' diameter
- Each ring has 5 nozzles counter sunk into pipe
- Each nozzle sprays a flat fan of water meeting in the middle creating a wall of spray
- Rings can be placed as singles or groups, at any angle or design, straight lines, waves or curved centipede effect.

## Products and Accessories

### Water Wheel

- 12' Tall
- 24" x 12" plastic paddle wheel
- Wheel spins with the force of water flowing from a directional nozzle with continuous water projection

## Water Products Information con't

As with any activity, adult child supervision applies.

Your unique Water Sprayground splash & spray pad will entertain children as well as adults with hours of fun and excitement!

Standard color schemes:  
Primary: Red, Yellow, Blue  
or  
Natural: Green, Almond

Custom colors are available at an additional charge.

### Important Installation Information

- Water Spray grounds may be set up with a variety of re-circulating and non re-circulating systems depending on your needs and circumstances. Our representatives will discuss with you to determine what will best suit your location.
- Most spray ground or splash pads run off normal street pressure.

### Products and Accessories

#### Post Arm Sprinkler

- Each arm has 3 fan spray nozzles in line with one another
- 3 curtains of water
- 10' Tall
- Total of 9 spray nozzles

## Products and Accessories

### Water Flower

- Daisy Design
- 10' Tall
- Choice of Spray effect
- Great as single or grouped multiples

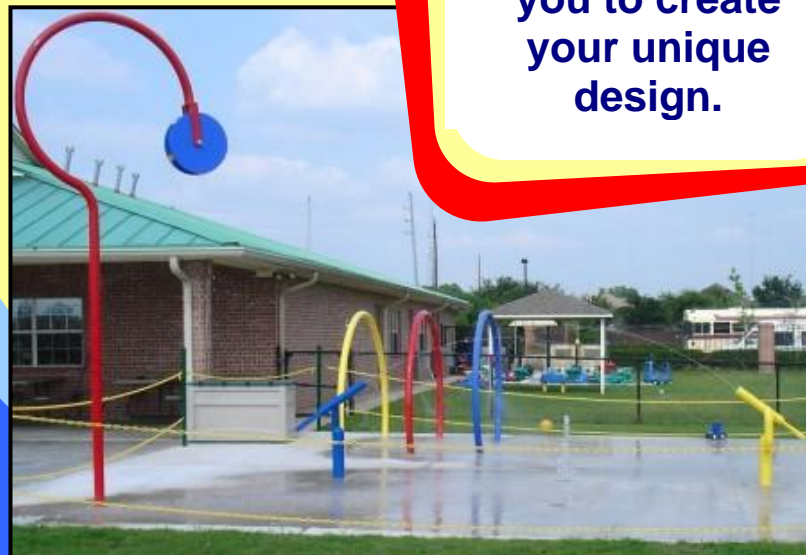

**For an additional charge – Additions can be added to Features to create park themes such as safari, or firehouse.**

## Important Installation Information con't

- Each feature is set up so that the actual water flow can be adjusted to your preference.
- Turn-key installation services available (contracted separately).
- We can also assist you with the installation, help you find a local contractor or work with your contractor of choice with the installation.

**Get creative and we will work with you to create your unique design.**
